

Dual Certification to Area

Revised 7/01/2003

This plan allows students to qualify for Area auditions in more than one division and then choose the one in which to audition. The following process is to be used for those desiring dual certification.

- 1. Each director marks the students who wish to audition in more than one division on the web based entry document which is submitted to the Region Chair via the *Official Entry Document*.**
- 2. Each Region Chair compiles a master list from the web based entries of all students in his division who wish to audition in another division and sends (faxes) it to the Region President. Following the final audition for Area certification, the Region Chair will send the list of Area candidates (and alternates) to the Region President and the Area Chair.**
- 3. Each Region President compiles a master list of all students (in all divisions) who wish to audition in multiple divisions. The Region President will then contact any students who qualify for Area in more than one division and send them an Area Declaration Form. The Region President then sends those names to the TMEA state office.**
- 4. The student must complete the Area Declaration Form (found on TMEA web site) which must also be signed by a parent or guardian, and both divisional directors of that student and then send (fax) by December 15 to the Region President in order that the alternate may be notified. The Region President shall forward all Declaration Forms to the Area Chairs.**
- 5. The TMEA office will send a list of All-State Orchestra string students in each region to each Region President.**
- 6. The TMEA office will send the list of All-State Jazz students in each region to each Region President.**
